

Niger Delta Weekly Conflict Update

Preventing a Resurgence of Communal Violence in Cross River State

June 08-14, 2025

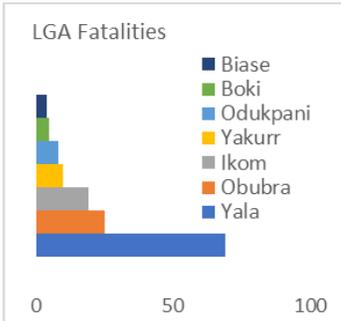

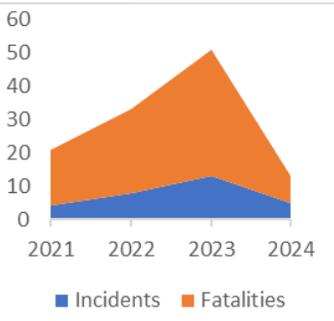

This update highlights insecurity in the Niger Delta, with a focus on escalating communal tensions in Cross River State. Recent data shows a resurgence of communal conflicts and lethal violence across the state. The increasing involvement of youths reflects deepening grievances and signals heightened risks of broader social unrest.

Heat Map shows concentration of reported incidents of communal violence in Cross River State from January 2021 - March 2025. Sources: All data sources formatted on PIND's P4P Peace Map www.p4pnigerdelta.org

Trends and Flashpoints of Communal Violence in Cross River State

Anticipated Trends and Dynamics

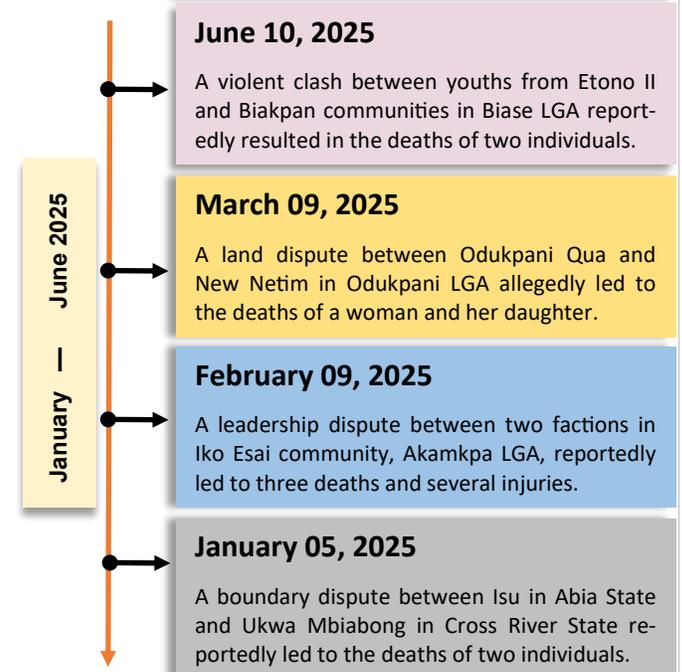

Based on recent trends and historical patterns, the latest resurgence of communal violence could significantly reshape the dynamics of conflict and insecurity across the state. This escalation could trigger far-reaching socio-economic, political, and security consequences.

Actions Taken to Mitigate the Situation

Stakeholders are actively engaged in efforts to address the violence in the state. Peace actors are collaborating with security agencies and community leaders to mitigate the situation. However, there is a pressing need to intensify and sustain these efforts for lasting impact.
